# SHIVAM SRIVASTAVA

## OBJECTIVE

Organized & hard-working Computer science graduate looking to join a start-up in India as a web development or an intern. Looking to take advantage of my skills and knowledge to help Impulsive Web and looking forward to get the experience

## EXPERIENCE

- **Geek for Geeks**

  -

  Innovation lead
  I've been made the innovation lead in our campus. Basically we used to conduct sessions in our college to help students to improve their skills.

## EDUCATION

- **Neeraj Public School**
  *2017*
  10 - CBSE
  9.0 CGPA

- **Neeraj Public School**
  *2019*
  12 - CBSE
  80 %

- **Shri Shankaracharya Group of Institution**
  *2023*
  B.Tech
  84%

## PROJECTS

- **Weather Forecast**

  I've created a Weather Forecast website using Reactjs. If we want to know the weather of a city we can check and we'll get the current weather of a particular city. We are fetching the data using open weather API.
